AVERAGES
1967 - 1968

This book contains the averages of the members of this association as reported by the secretaries of the leagues. Reasonable care has been taken to avoid errors, but the association assumes no responsibility for the correctness of the information or for any omissions.

The following pages contain a list of the leagues that bowled between September 1, 1967 and June 1, 1968. On the following pages will be found averages for all bowlers with a paid membership card and having a minimum of 21 games. Following the name the first number is the Key Number of the League, the second number is the number of games bowled in that league, and the last number is the average as found on the final average sheet sent in by the secretary.

The highest average for 21 games or more bowled during the regular season, September 1967 to June 1968 will be used for the 1969 City Tournament. If no average has been established in that period, then he will use the highest average of 21 games or more of the 1968-69 season; the average to be taken one week prior to the closing date of the tournament entries. SUMMER AVERAGES WILL NOT BE USED.

The Council Bluffs Men's Bowling Association accepts no responsibility for errors in this book, but places the responsibility on the individual bowler to use his CORRECT AVERAGE. In case it has been incorrectly listed or omitted or if errors are discovered, it is requested that they be reported to the Association Secretary.

LEAGUE SECRETARIES FAILING TO TURN IN FINAL AVERAGE SHEETS

Gary D. Antisdal - SHEPHERD OF THE VALLEY (Brunswick-Twin City Bowl)
L. M. (Rusty) Story - WEDNESDAY NITE MOONLIGHTERS (Vladuct Lanes)

This list is of leagues that were sanctioned by this association for the 1967-68 season and the Key numbers assigned to them for this book.
